

SUMMER

Homework

Name: _____

Lower Secondary 1

Dear Parents,

Summer break is here!!! It has been such a joy to watch your children grow and learn so much. We are very proud of all the progress each child has made. Your support and efforts at home have been a major reason for your child's successes every time. Each of you is to be commended for your efforts.

In order to make sure that your child keeps the "brain juices" flowing over the summer break, we have put together a packet that reviews great materials we have learned till now and an introduction of what we will learn in future. Completing the assigned pages each week would be very beneficial as it would help ensure retention of the materials learned. Moreover, completion of this packet will get us off on the right foot when your child returns to school.

Once again, thank you for all your support! We look forward to seeing all of your children's bright and shining faces soon. Enjoy the summer!

Regards,

Management

Be Creative, Be Kind, Be Happy, Be Safe & Be You!

E-LEARNING SECTIONS

Select the age and level of your child and Let your child explore the following links to learn through audio and visual aids.

Computer Assignment:

Using HTML, create a webpage that prints your name to the screen.

Take a print and attach (both input and output) it in your file.

Students will choose any of the following Citizenship questions and make a project supported by parents and friends. After the project-based activity and research students will make a PowerPoint presentation to showcase their activities.

- 1- Why is recycling important and how does it keep the Earth clean and protected for future generations? (How can we help Eureka School System and be an example to the community around us by promoting our "Pollution Awareness" day?)
- 2- Explore NASA -The learner will make observations and use appropriate technology to build an understanding of the earth/moon/sun system.
- 3- What role you can play to save forests in your community? How can we use measurement skills and knowledge of geometry to plan a park? How can we plan a good park for our community?
- 4- Sialkot is the Center of World's Sports Goods- How does a sport shape its culture? How do these values impact the larger culture?
- 5- Critically analyze why mobile phones are essential for teenage? Is it a necessity or a trend?

Once you know what project you will be working on, you must work with your parents and family

members to create a plan that all of you can follow to complete your presentation. Discuss your answers to the following questions. Be certain to write your ideas on a sheet of paper.

1. Review the description of the project you will be working on, and rewrite the challenge in your own words. Then, discuss the questions for consideration.
2. What are the big ideas that you will address in your presentation? Which ones will you need to research and explore further?
3. Where will you get the information, you need? What information you may search for in newspapers, books, or on the Internet? What people you may want to speak with?
4. How will you begin your presentation? What information you may put in the middle? How do you want your presentation to end?
5. What smaller activities you may include as part of your big presentation? What pictures you may design in the paint program or the draw program? What flyers, posters, or other documents you may create in the word processing program? What worksheets and charts you may make in the spreadsheet program?
6. How will you entertain your audience? Some members of your group may act, sing, or dance. Will you hand out any printed materials for the audience to read.
